THANK YOU

The events of this year have shown just how important the actions of our whole community can be. Your support for our students is an outstanding example. It helps them be their best; but it is also there for them in these difficult times. Your generosity is a message that they are not alone, and that they have the help they need to overcome whatever challenges they face, and reach their full potential. Second year student Josh says, "It's hard to put into words the impact this scholarship has had. Coming from a family that lives on welfare, going to university was something I didn't even think was possible. It was one of the most amazing things that has ever happened to me."

Your endowment means more students can take advantage of their time here at the Allard School of Law, and that they will be better equipped to build a better future for our communities. Thank you on behalf of all those students who have and will benefit from your support, now and in perpetuity.

**Student Impact as of March 31, 2020:
1 award totalling \$4,000 (since establishment)**
