Farris Partner Named in the Lexpert Special Edition: Litigation 2026

The litigation group at Farris combines tremendous skill and depth of talent with an uncompromising commitment to serving the interests of our clients.

Our litigators are recognized as leaders in their field, providing timely, creative and practical representation in a full range of commercial, corporate and constitutional litigation. Our clients are diverse and include major business organizations, public bodies, universities, First Nations, media organizations, family litigants, and public interest groups.

We advocate for our clients in every forum and at every level of court. We have expertise in all aspects of private and public law. We are engaged in many of the most important corporate, commercial, securities, governmental, media, administrative, major injury, class action, regulatory and constitutional cases in the province at any given time.

Farris litigators have extensive experience conducting hearings, trials and appeals. We recognize that advocacy work entails flexibility and a constant evaluation of available options, and that not all matters require a formal hearing. We actively look for opportunities to engage in alternate dispute resolution processes where appropriate.
